

VEEDON FLEECE

Press Release: 100% Design 2009
24th – 27th September 2009 · Earls Court 2
Stand D1

Veedon Fleece will be presenting a collection of five new designs at Decorex 2009. Approaching their second decade, Veedon Fleece has long been a best kept secret amongst architects and designers, working mostly through word of mouth and always on an individual bespoke basis for both residential and commercial interiors.

Veedon Fleece weave couture carpets. Rare muga, pashmina, silk, the unique veedon and best hand spun Tibetan wool are all utilised to create the best possible result. Each Veedon Fleece carpet is made on a one off design commission basis up to a maximum size of 20m by 8m, exclusively to client specification.

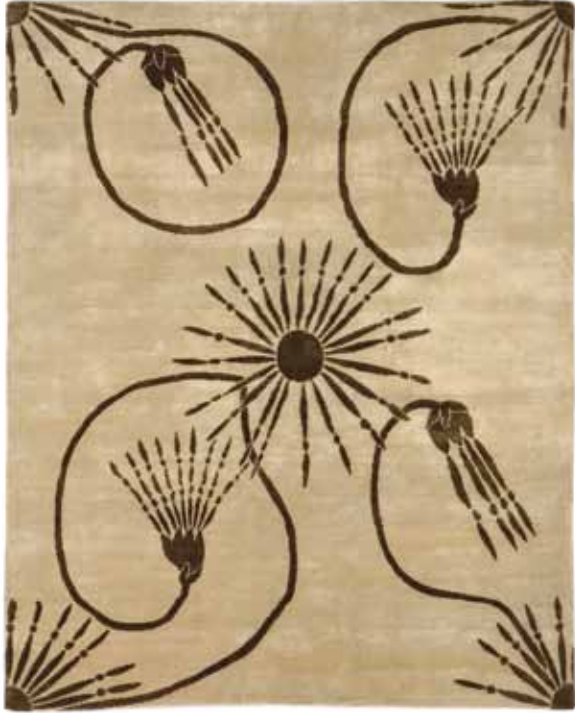

Slides

A striking design, displaying all the speed, movement and excitement of the now highly regarded 20th Century linocuts of Claude Flight and the Grosvenor School. Here portrayed in pistachio, aubergine and ivory; this dynamic design makes a clear statement in any room. (Exhibited in Veedon)

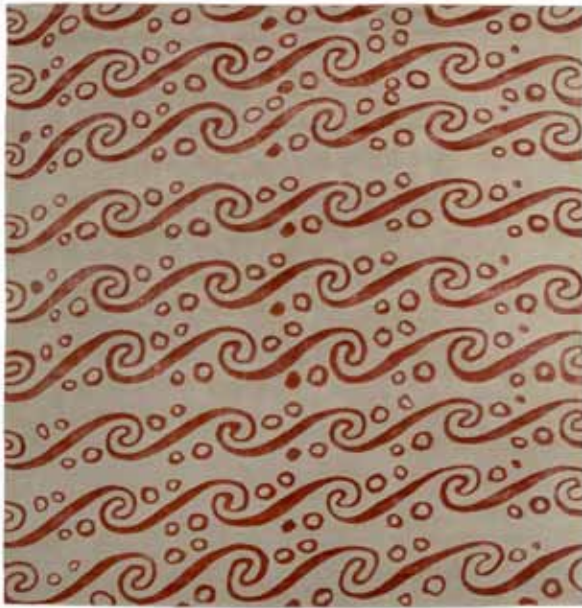

Kaleidoscope

Many colours, like shards of broken glass refracting rainbow like strokes across a sensational pale grey field, imbibe this contemporary work with a cool sense of elegance and sophistication for a true 21st Century interior. (Exhibited in VF silk)

Thistle

A playful design extracted from a book binding, unchallenging and relaxed with an attractive informality. (Exhibited in VF silk)

Sensation

This design is called Sensation because it is just that; something to appeal to the senses and add a sensational finish to any interior. With its lazy meandering waves and random “bubbles” it joyously lifts an interior whilst cleverly extending the eye to subconsciously expand the room in which it is placed. The colours used here are sand for the field and coral red for the silk. (Exhibited in veedon and silk)
